PERENNIALS FOR EARLY SUMMER BLOOM

AJUGAS — COLORFUL GROUND COVER PLANTS — Grow where most plants would fail—sun or shade—wet or dry soil. Give beautiful floral color displays in late May into June. Some have colorful leaves, holding and deepening in color into December. We grow 14 varieties but the following cover the range in flower and leaf colors and types.

Variety	Leaf Color	Flower Color	Type	Remarks
Alba	Med. Green	White	Spreading	Earliest bloom
Pink Spire	Green	Pink	Compact	Long blooming
Bronze Beauty	Bronze	Violet Blue	Spreading	Redder in fall
Compact Blue	Deep Green	Blue	Compact	Blooms late
Compact Rose	Deep Green	Rose	Compact	Blooms late
Purpurea	Purple	Violet Blue	Spreading	Large leaves
Pyramidalis	Green	Royal Blue	Compact	Largest size
Silver Beauty	Green & White	Light Blue	Intermediate	Fine stemmed

Price any one variety, 75c ea.; 3 for \$1.95; 10 for \$4.50. Collections: 3 kinds, \$2.00; 6 kinds, \$3.75; 8 kinds (above) \$4.35; 12 kinds, \$5.95.

ASTILBES — Bloom in sun or shade. Colorful feathery plumes amid glossy divided leaves. Make good cut flowers. In white (Deutschland), pink (Gloria Supreme), and deep red (Red Sentinel), all top varieties. Prices, blooming size, 2 yr. field plants, \$1.50 ea.; 3 for \$3.75.

IRIS — We grow about 100 fine iris varieties covering the complete color range and including many "Award of Merit" and the "100 Most Popular" varieties. Please visit our iris display in June. (Complete iris list available on request.)

LUPINES (Russell) — Many named varieties grown from imported seed. Plants available at nursery only. Transplants 35c ea.; 5 for \$1.00. Large plants \$.60 to \$1.25. Seed packets, approx. 150 seeds 50c; 500 seeds \$1.50. (Mailed prepaid.)

PEONIES — Best named varieties in all colors available at nursery for Sept.-Oct. delivery in price range \$1.00 to \$5.00. (List on request.) Where possible make variety selection while in bloom in June.

ORIENTAL POPPIES IN GORGEOUS COLORS — We have over 30 of the finest varieties in existence, including the famous Curtis (Ohio) and the Baumgardner bicolors from Oregon. See these when in bloom in garden in June. Complete list on request. The following fine representative varieties are offered here.

Carmen — Deep cardinal red Curtis poppy; late blooming, large flowered.

Curtis Giant — Extremely large (to 11") flame red on strong stems.

Helen Elizabeth — Beautiful crinkled pink; prolific bloomer.

May Curtis — Large early rose red with extra strong stems. Certainly one of the finest in existence.

Sass Pink — Fine light pink. Lighter than any above.

Prices of above 5 varieties \$1.25 ea.; 3 of a kind \$2.95; 3 or more kinds @ \$1.10 ea.

Crimson Pom Pom — best double crimson poppy @ \$1.50 ea.; 3 for \$3.75.

MONARDAS (listed above)

SANTOLINA — Very interesting neat, globe-shaped highly aromatic plants in bright green (*viridis*) and silver-grey (*incana*.) Grow to 12-15" and nice for borders. Can be sheared. Easy to grow and will live in very dry soil. Rooted cuttings, either or both, 3 for \$1.00.

HARDY CHRYSANTHEMUMS — FALL FLOWERS SUPREME

HARDY MUMS — They have no equal for fall color and long lasting cut flowers. After looking over hundreds of varieties, we grow, test and select the outstanding one. A good variety involves much more than a pretty flower. Hardiness, frost resistance of the flowers, resistance to rain, wind and sun, vigor, freedom from disease, strength of stems, time of blooming, are all important. Price alone is not a good guide. We discard far more varieties than we list. We list the best and ours is an up-to-date list.

MUM VARIETIES ESPECIALLY DESIRABLE FOR CUT FLOWERS

ALERT (Becker) This very excellent purple has bright frost resistant flowers on good cutting stems. Vigorous hardy plants. Tops for brilliant garden display. (Ht. 24"; 3" fl.; L. Sept.) Price 35c; 3 for 70c.

INFORMATION RELATING TO ALL CHRYSANTHEMUMS LISTED

- MINIMUM ORDERS** — Instead of setting a minimum we request that 50c be added to all orders under \$3.00 to help on postage and packing.
- PREPAYMENT** — We pay postage on all orders but where the distances are great, we recommend air mail, and if requested, customer should add 5c per cutting with a minimum of 50c to help pay charges.
- SPECIAL HANDLING** — Especially recommended on large orders, distant orders, if not airmailed, and particularly those going to small towns or locations where service is known to be slow. In such cases add 50c to orders for special handling.
- TYPES OF PLANTS SHIPPED** — All prices apply to well rooted cuttings. Transplants and field plants are available at nursery throughout the season.
- SHIPPING DATES** — May 1 - June 15 — ample time to provide good strong blooming plants by fall. Please mark orders with the earliest, (preferred) and latest date acceptable as May 15 (May 25) June 5.
- SUBSTITUTIONS** — Please mark order "Substitutions permitted" or "No substitutions". Not made unless permission is granted, and then only when it would prove helpful, to complete order. If necessary and made, extra value will be given.
- PRICE SAVINGS ON LARGER QUANTITIES** — Five plants at three times the each rate; 10 at five times the each price.
- PLANTS PICKED UP AT THE NURSERY** — It would be helpful if you can give us advance notice so we can have your order ready. We will give extras for this courtesy.
- PLANTING TIME** — Rooted cuttings should be planted after danger of frost or given protection to start. We can supply divisions, transplants, and field plants on many varieties from plants wintered in the field for those coming to the nursery.
- BLOOMING DATES** — Those given refer to time blooming starts. Most varieties will bloom until freezing weather in late October or early November. Blooming dates vary with the season and with location.
- SIZE OF FLOWERS** — Size refers to diameter in inches, readily available without disbudding.
- DIRECTIONS FOR GROWING** — We will be glad to send directions on request, or enclose with order.
